

## **2006 Literacy Project's Schedule of Classes and Registration**

Below is a list of classes available starting in January. You may schedule for more than one class. Please contact Literacy Project staff at 243-3864 for scheduling information.

**Reading / keyboarding** – Mon., Tues., Wed, or Thurs. 9:30 – 11:30am. Mon. or Wed. 12:30 - 2:30. These classes will include many instructional materials, group reading, peer tutoring, multisensory strategies and activities based on students' interests. Reading skills will be the focus of the keyboarding portion of the class. Programs will incorporate letter recognition and phonics with keyboarding skill development.

**Money and Math / keyboarding** – Wednesday – 2:30 – 4:30pm. This class will include money games, budgeting and spending, role-playing, worksheets and activities based on students' interests. Follow up keyboarding activities will include math software and Internet math sites.

**Writing / keyboarding** - Tuesday- 12:30 – 2:30pm. This class will focus on Language Experience Stories, language mechanics, e-mails, poetry, publishing a newsletter, and activities based on students' interests. Keyboarding skills and writing programs will be incorporated into each lesson.

**Job Skill / keyboarding** - Tuesday – 2:30-4:30 pm. This class will focus on employment related topics such as interviewing and telephone skills, resumes, job exploration, communication skills, and activities based on students' interests. Keyboarding activities will reinforce activities taught in the lesson.

**Self-advocacy / keyboarding** – Thursday – 12:30 – 2:30pm. This class will focus on gaining independence in one's life. Topics will include communication skills, role-playing, independent living skills and activities based on students' interests. Keyboarding activities will reinforce activities taught in the lesson.

**Computer lab** – Monday, Tuesday, and Thursday 2:30- 4:30 pm. Have fun and learn computer skills at your own pace. Access to a variety of software and Internet programs. Specialized instruction for graphic design, Internet research skills, PowerPoint, Word, and other Microsoft programs also available.
